

The company "Axiom" is specialized in manufacturing all types of POS and P.O.P. - Materials, design, supply and application of souvenirs, advertising support product promotions. The company is ready to represent a wide range of clients in the development of promotional materials of any complexity, their manufacture and use during the promotion of the shares.

"Axiom" is positioning itself as a company with high potential in the field of design, the most accurate representation of the corresponding customer of the provider of the complex of advertising services. Advertising in local sales is primarily the offensive method, as expressed in the exposure of advertising materials directly to retail stores to attract customers, advertise products and increase sales. In addition, each company - the manufacturer strive to create a unique design of POS-materials and POP equipment associated with the specifics of their goods. At the same time P.O.S. and P.O.P. - Materials should be easy to use them at point of sale.

We produce POS and P.O.P. - Materials, using all the latest achievements in printing, advanced technology works with the plastic and metal, creating a holistic art looks of the materials in full compliance with the corporate style of the client and reflect the benefits of the advertised goods.

We invite you to cooperation!

Together we will solve all the tasks!

Sincerely,

Team of "Axioms"
